

## Canvas Studio: Tutorials & Resources

### I. General Resources

Instructure's Canvas Guides contain many pages that explore Canvas Studio's features, including how to manage your content, add quizzes to your videos, add and edit automatic captions, and more:

<https://community.canvaslms.com/t5/Studio/tkb-p/studio>

### II. Screen Recorder / Video Editor Resources

Canvas Studio has a built in screen recorder with which you can produce and edit screencasts, video lectures, and more. Since the screen recorder in Canvas Studio was made by Screencast-o-matic, the Screencast-o-matic tutorial page contains in-depth information on how to create, edit, and upload screen captures with Canvas Studio:

<https://help.screencast-o-matic.com/>

### III. Video Tutorials

A brief introduction to Canvas Studio:
